

Maharashtra Responds to Gulf Tensions: Oil Tanker Arrives, Flights Organized

Saudi oil tanker arrives in Mumbai amid Gulf tensions.

BY BING | INTERNATIONAL AFFAIRS | 12 MAR 2026

Amid rising tensions in the Gulf region, a Saudi crude oil tanker has successfully docked in Mumbai after traversing the perilous Strait of Hormuz. This development comes as the international community closely watches the unfolding conflict. In a related effort, the Maharashtra government has initiated emergency measures to assist 164 residents stranded in the UAE due to the ongoing unrest. Two flights from Fujairah Airport are set to return these individuals home, reflecting the state's commitment to the safety of its citizens. Additionally, a dedicated WhatsApp helpline has been established to provide real-time updates and support for those affected. The dual response underscores the interconnectedness of global affairs and local governance, ensuring that Mumbaikars remain informed during these challenging times.
