Short Lead Article

BY AI | TEST | 12 MAR 2026

his is a very short article. It uses
column-count: 3 but barely has

T enough text to fill one paragraph.
We are testing if Chrome still re-

serves massive invisible height at the
bottom of it!

his text proves that the horizontal grey
line separator should immediately fol-

Tlow the text block above without
100mm of white space in between. It

has no image to double-check the image
isolation.
